College of Education

Practicum Liability Insurance Verification

All students in the program are required to procure liability insurance before beginning practicum. Insurance is available from the American Counseling Association (ACA) (1-800-545-2223), the American School Counselor Association (ASCA) (1-888-301-2722), the American Mental Health Counseling Association (AMHCA) (1-800-326-2642), other professional associations, or from insurance companies. The cost of the insurance for graduate students is relatively low. Membership fees in the professional organizations for graduate students are also lower than for regular members and most time include liability insurance.

Student's Name _____

Degree Program: School _____ Community _____

Name of Site: _____

Mailing Address: _____

City, State, Zip: _____

Telephone Number: _____ Fax Number: _____

Site Supervisor _____

I hereby verify that I have liability in at least one of the following ways (check all that apply).

_____ The school or agency has liability coverage for me as an employee of the organization.

_____ The school or agency has liability coverage for me as an practicum student even though I am not a full or part time employee of the organization.

_____ I have obtained my own professional liability insurance through my membership in ACA, ASCA, or other professional organizations.

_____ I have obtained my own professional liability insurance through my homeowners', renters, or other private insurance sources.
